Dear Ms. Davidson,

Congratulations! The SHAPE club at Dr. Michael M. Krop Senior High School is pleased to announce that the Youth Environmental Alliance (YEA) has been chosen as our 2009-2010 grant recipient. YEA will receive a grant of \$2000 to be used towards "YEA for Wetlands": an interactive youth education program that explores the function, beauty, and vital importance of our Florida Everglades and all other watersheds. With this contribution we wish our best wishes for your success in this project.

Your check will be presented to you at our Grant Awards Reception that will be held on Wednesday, April 28th at 1:00 pm in the school Information Center. Please have a representative from your organization attend the reception to receive the check. To RSVP for the reception, please call Sara Napolitano at (305) 335-8671.
